

Real-Time PCR Workshop

From cell preparation to data analysis

3rd-4th October 2018

Tissue Engineering Centre, 12th Floor,
Clinical Block, UKM Medical Centre

Partnered with:

Theory and Hands-on:

- Cell preparation
- RNA extraction
- cDNA synthesis
- Automated PCR Setup
- Quantitative PCR
- Data analysis

Would you like to know how QIAGEN PCR arrays can help you answer your research questions? Come join us at this seminar, where we will discuss about our lab-validated solutions that enable you to get ahead in your research by providing a comprehensive workflow, facilitating the generation of actionable insights from different biological samples. Let us show you how QIAGEN PCR arrays facilitate quick, yet reliable gene expression and gene regulation analysis.

TENTATIVE

Time	DAY 1 (Wednesday)	Time	DAY 2 (Thursday)
8.30am	Registration & breakfast	8.30am	Breakfast
9.00am	Talk 1: Cell culture: preparing for RT-PCR	9.00am	Briefing session for experimental setup
9.30am	Briefing session for experimental setup	9.30am	Demo: QIAgility automated PCR setup
10.00am	Talk 2: Critical factors for successful RT-PCR	10.00am	Hands-on 3: qPCR
11.00am	Hands-on 1: RNA extraction	12.00am	Talk 4: Decode the secrets of RNA
1.00pm	Lunch	1.00pm	Lunch
2.00pm	Hands-on 2: cDNA synthesis	2.00pm	Talk 5: Data analysis
4.00pm	Talk 3: Rapid, high-precision automated PCR	3.30pm	Q & A and Tea break
4.30pm	Q & A and Tea break	4.00pm	Closing Remark & Certificate Giving

Registration fee:

	Student	Professional
Day 1 or Day 2 only	RM 300	RM 400
Day 1 & 2	RM 550	RM 700

Registration deadline: 24 September 2018

Registration: <https://goo.gl/forms/l2ncjleKOAYJe5B92>
